

Re: First Aid Certificate Requirement for Registered Members' Renewal

Given that some members have reported difficulties in enrolling in first aid classes, which may result in not being able to submit valid certificates by September 30, the Association has issued the following directives regarding this issue:

1. Regardless of whether your first aid certificate has been renewed, please submit your renewal application before the deadline.
2. Since the aforementioned requirement is one of the insurance conditions, the association cannot waive this requirement. To help renewing members meet this requirement, the association will arrange first aid certificate courses before September as soon as possible. Please stay tuned for future announcements.
3. Student members are not required to submit first aid certificates, as the relevant subjects are included in their degree programs.
4. New applicants for membership registration do not need to provide this certification, but it will be required at the time of renewal.

With Regards,

John Siu Yok Yuen
